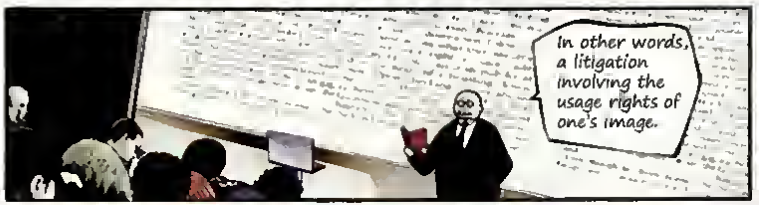
act 1. The Memory of Blue Bond

8 Years Later, Quellen University, Germany



In other words, a litigation involving the usage rights of one's image.

A good example of such case can be seen in the proceedigns of a movie actress, Maria Dietrich versus Emmersion Production.
Then. Shall we look at the opinion from what one of you submitted earlier?

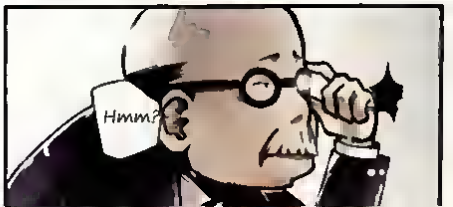
At the time, the court in the end ruled in favor of the company.



Hmm?

ANATOMY
Mr. Bono Meyer
What?
Him again?
Mr. Meyer!
Ah! Sorry!

Was my lecture irresistbly boring to you?
N, No, that's not it.
To be honest, I heard that the medical department was holding a human dissection class today, so my interest got the best of me...
Mastering medicine while taking law at the same time? Must be great to be you~!
Rustle
Rustle
Well... Your report was flawless this time as well
But, I cannot accept anyone studying for other cources within my class.
I'm really sorry I'll make sure it doesn't happen again.
Hmm. Alright.
Ah, but Professor!
?

But the example case you just pointed out in 1953 rulings were
SKY HIGH
flipped in 1971 when the actress's son filed an appeal through the 2nd federal appeals court.

I... just mentioned it as a fact.
...
Thank you for point that out.
...
After the class, do you mind coming to my office?
There is something I wish to discuss with you.

Hoho...
KNOCK
KNOCK
!
Come in.

TS- ... Santa² xD

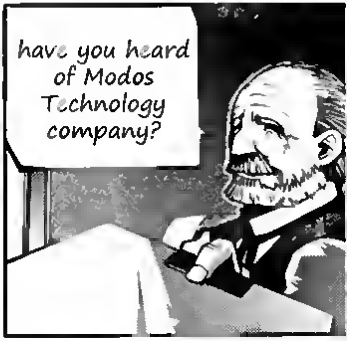
CREEK

Ah, Mr Meyer, welcome. This is Professor Kauffman from the physics departments
Nice to meet you.
And this is our law department's Bono U Meyer.
Yes, I've already heard much about you from rumors

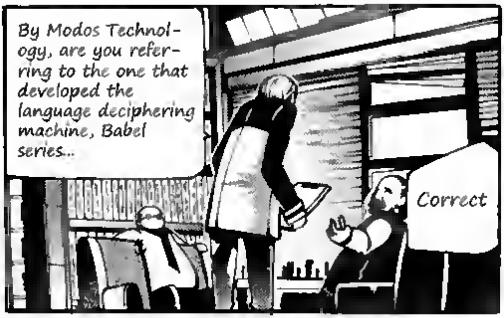
Only 16 years old, enrolled in our university and a genius with an IQ of 240...
SKY HIGH
Plus, a star from 8 years ago that went out into space.
Umm. Professor, if it's about my behavior in the lecture room earlier, I just want to apologize once more.
?
...?
Ah, no. That wasn't the reason I called for you.
It's him, Professor Kauffman.

It's just that....

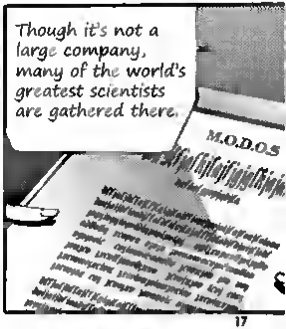
...?



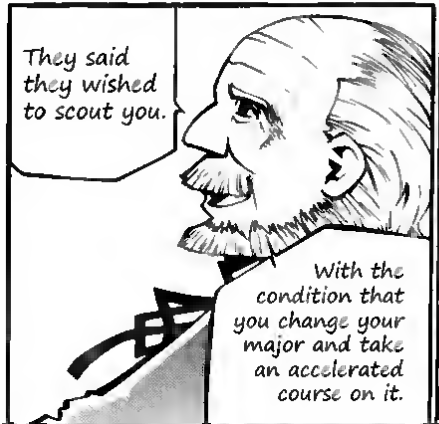
have you heard of Modos Technology company?



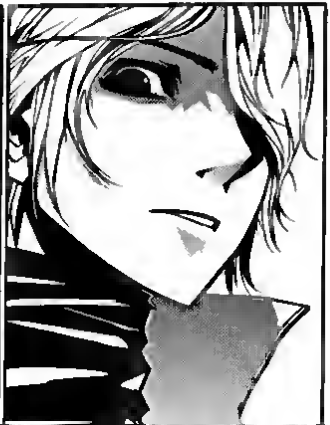
By Modos Technology, are you referring to the one that developed the language deciphering machine, Babel series...
Correct



Though it's not a large company, many of the world's greatest scientists are gathered there.
M.O.D.O.S



They said they wished to scout you.
With the condition that you change your major and take an accelerated course on it.



...
Change... my major?
Ah, there's no need to be concered about me
Honestly, I just can't fathom why you decided to enroll in law An Einstein of Law
With brains like yours, you would be national trea- no, a treasure of humanity
Did you hear that? Changing a major at this point isn't too difficult
If it's citations you require, I'll be happy to write you one.
But...
Well, you can take your time to think about it
...
Then, you may leave

Is it my turn?
Looks like diners on you again this time. Haha...

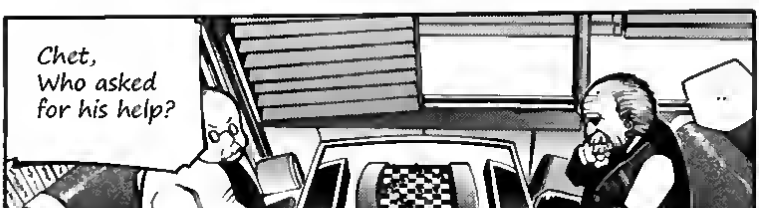
Umm... Professor?
What is it?

I think if you move your bishop to the left and take the rook
followed by advancement of your knight in Bf5, you could achieve checkmate in 3 steps.

Ho-oh..

Then, I'll be on my way.

CLOSE



Chet,
Who asked
for his help?
...

Hoho... An
amazing move.
To think there
was such a
solution.

But, he's still a greenhorn...
A game is not just about
winning. It's also about
knowing how to enjoy
it nice and slowly...
Huhuhu...

I'm back
mother

SKYHIGH

OPEN
Were you in all day? ...The weather's great outside

Maybe you should take a little stroll for some fresh air or have a chat with Bishop Enoch

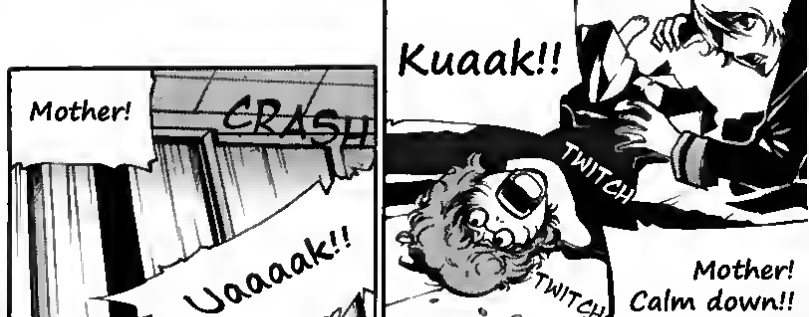
I want to visit Korea.

Your grandmother immigrated here 60 years ago from Korea as a nurse.
Why are you bringing that up all of a sudden.
The reason your grandmother came here... turns out was not merely to earn some money.
Oh, I got received call from Anna earlier. She said she was doing well.
She even had a picnic with other patients near the lake.

She's insane.

Even so, do you have to say it like that?!
And what about you who's been under neuroleptic for years now, could hardly be considered to be sane
.....
...I'm sorry...
25
Right... Just like you said, I may be insane too.
But, I won't lie like that girl.
Mother!

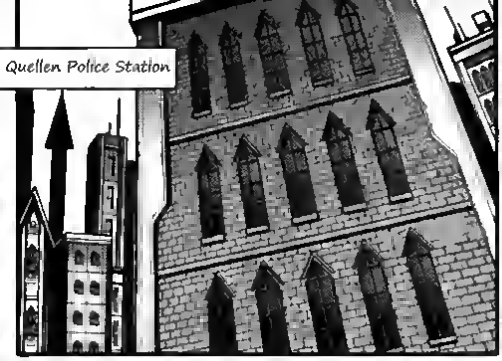
A picnic by the lake? That's all a farce.
Or... it could be her dream.
Do you remember Oppa? When we went to the grape farm with daddy when we were young!
Grape farm? Anna?
We even secretly drank some wine~ hehe.
T/n- Oppa means older brother
COUGH!!



Mother!
CRASH!
Uaaaak!!
Kuaak!!
TWITCH
TWITCH
Mother! Calm down!!

Don't touch me!!
EA
Mo... Mother...?
I... I'm... scared of you!
Anna... and me... The reason in the family became insane...

Was because of you.

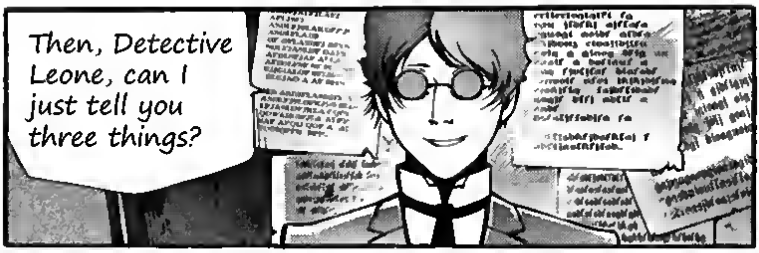


Quellen Police Station

An Interegation Room
Just confess asshole.

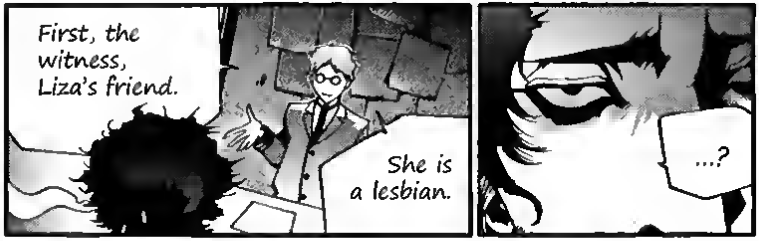
The blood sample from your bed! It's an exact match with the DNA of the victim.
Ah..

Keke...
You can't squirm your way out of this one...

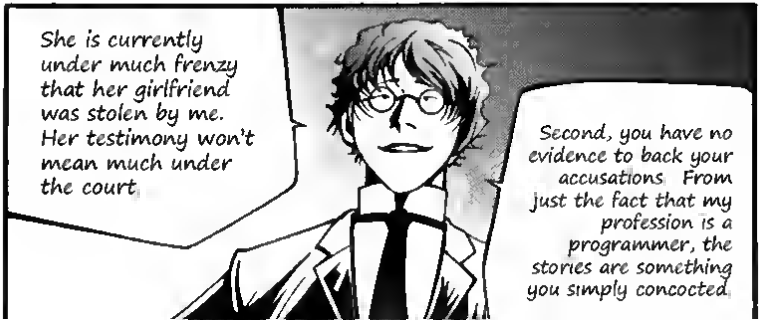


Then, Detective Leone, can I just tell you three things?

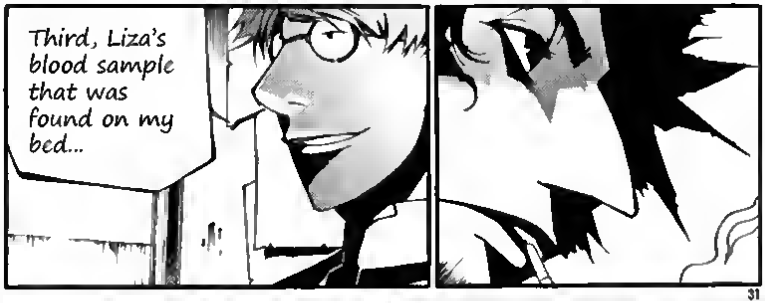
Of course.



First, the witness, Liza's friend.
She is a lesbian.
...?



She is currently under much frenzy that her girlfriend was stolen by me. Her testimony won't mean much under the court.
Second, you have no evidence to back your accusations. From just the fact that my profession is a programmer, the stories are something you simply concocted.



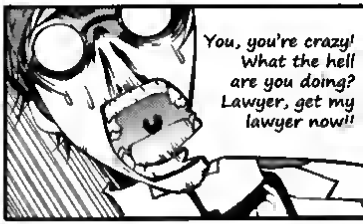
Third, Liza's blood sample that was found on my bed...

Liza was a masochist. you know, right?
Smirk
She liked being treated like that...

With a weak scenario like that, a court hearing would be difficult, no?
well, I didn't think it would be easy either.
DROP
?

With the perfect alibi you created for yourself with a computer, you must've impressed yourself. As if you felt like you just became god?
Huh? I, I don't know what you're

SLICK



You, you're crazy! What the hell are you doing? Lawyer, get my lawyer now!!

Don't worry.
This knife isn't for you.

U, uaa...

Do you know what these scars on my body means?

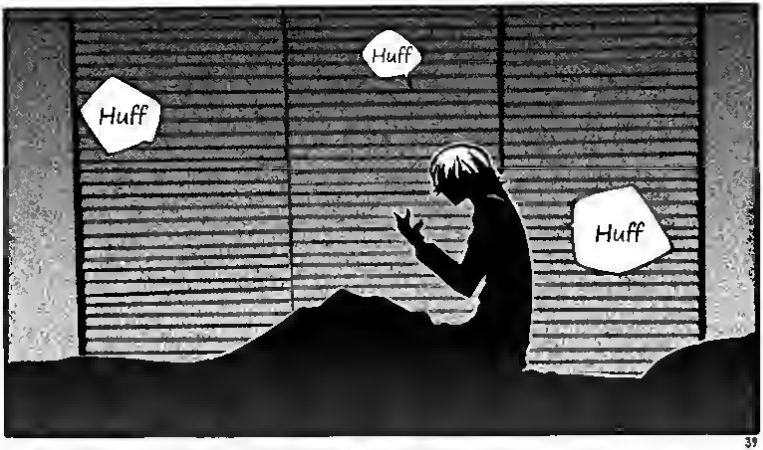
This is how many of the so called unsolvable, perfect crimes I've closed till now.
You could say it's a personal badge of honor.
St, stop...!
One more badge to be engraved on this body...
Just thinking about it makes me ecstatic.

AAAHHHH

Where... is this?
.Mo, mother?
And who's that
man she's with ..?

... that kid...
... not it!
You know it too!
I have to reveal the truth! I have to tell him!
Honey. don't do it! Please!
Honey!
What are you saying?
!
You... are you hiding over there...?
DASH

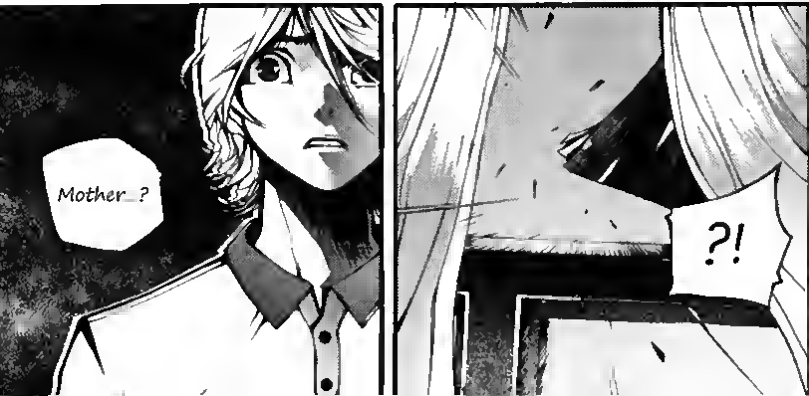
Gasp!
Gasp!
I can't...
I can't get caught...!!
SLASH
Ugh!!
Ow! My arm got cut on a tree branch...!
.....!!
The blood... is blue?! My blood is blue??!
There's no way... This must be a dream!! A dream!!
Bono...
...?



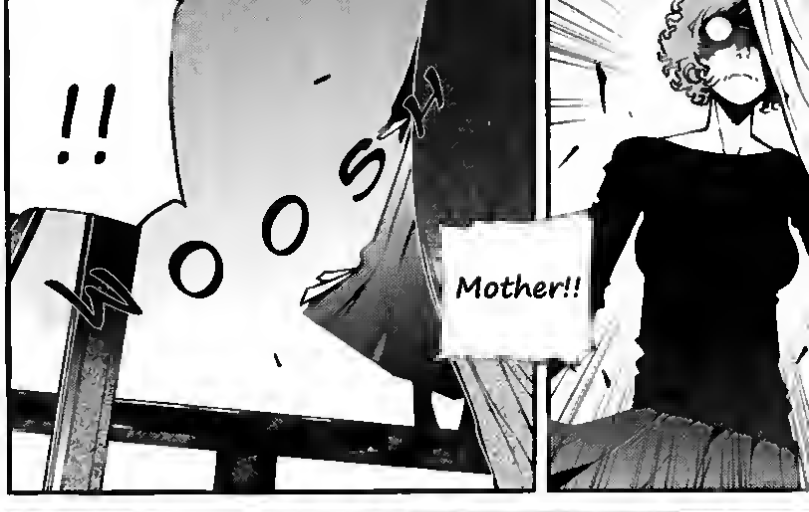
Huff
Huff
Huff

Huff
Huff...
Huff...

...



Mother_?
?!



!!
OOSH
Mother!!

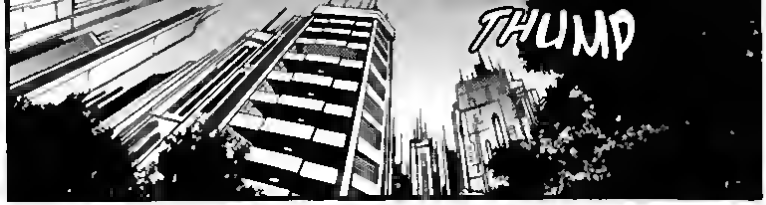
What are you doing over there?!
Please come down! It's dangerous!!

The reason to why I was always wrapped in headaches...
I finally know for certain.

WOOSH
Mother! Grab my hand!
Please don't do this... Please! Grab my hand!
Mother, please come down!
Take that hand away.
Just like you did to your father... are you going to do the same to me?
What? What are you...?

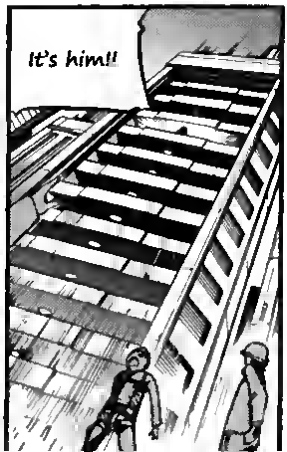
Right.
In order to stop you, that was the only way....
Because you are someone who mustn't freely roam this world

MOTHER-!!!
I'm...
not your mother!



THUMP

A... person fell!!
Kyaak!!
From that apartment up there..!!
I saw it! Up there! There's a person!!



It's him!!

He killed her!!

O~i, Leone!
A woman died due to a fall from a high-rise apartment building. They're saying that her son did it.

A common case, what are you getting all riled up about?
Can't you see I'm busy?

?

That programmer and girlfriend case? You still don't have any evidence? Looks like you're past your prime too
I'm looking for it! The more perfect the alibi, the stronger the scent!

Sigh

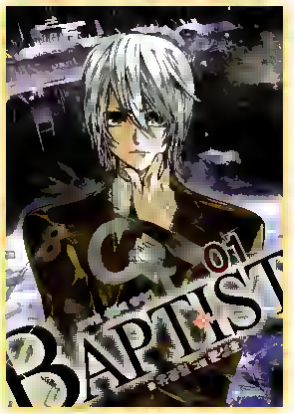
Then, I'm taking this case.
TAP TAP
What-ever.
But one more thing... the suspect's name.
Hmph! Even a god makes a mistake occasionally, there can't be such a thing as a perfect crime for a human.
TAD TAD
I'll get you little bastard!
was Bono U. Meyer.
STOP
What?
47

Bono U. Meyer. Wasn't he the guy you were checking up on for several years? That genius space kid with an IQ of 240.
If it's like what you were saying... Numerous ramblings of psychos' missing case people all revolve around him, right?

Give me that! I'll take it.
Ah, the address is...!
I know! I know where he lives!

Bono U. Meyer... looks like I finally got you!!

Baptist v1 ch1



I (Grumpy) initially had no intention of releasing this as we dropped the series. However, after I've posted the raws & translations in public, Sleet has taken up the challenge to complete our cursed series. So, here it is. xD

There are no plans to continue translating this series, so there may no longer be any releases. However, if enough support is given to this project, it may become active again. But don't expect any in the near future.
